

Delmarva Stargazers Meeting  
2006-04-04

- 59 members have signed up for the star party.  
Some people seemed to find the price high.
- Members @ large Dan Kennedy, Bill McKibbon and Tim Milligan.
- Truit: Public outreach is listed on the website  
More will be scheduled for the fall.
- Need some clearinghouse for requests by people/groups.  
A school needs to look at the sun.
- We now own a 12' utility trailer for 'stuff'.
- Newsletter: PJ has been doing it for almost a year.  
People like the newsletter.
- Mirror making recap:  
Went well, 3 sheif, 17 mirrors altogether. Feedback – all home and looking forward to building their telescopes.
- Have two people for secretary, no one for Pres Elect so far.
- Constellation Leo: As distinctive as Orion. Killed by Hercules on one of his quests. Tough hide so Hercules strangled it. It's galaxy season. Look Back Time (LBT) instead of distance since the object has moved in the meantime. Sky Tools V2.
- Attending a star party – Tony C.
